

YOU ARE INVITED TO THE MUSICIANS INSTITUTE

OPEN HOUSE

SATURDAY, SEPTEMBER 11TH 2010 10AM

DETAILS

WHAT:

A chance to experience MI's unique hands-on education for anyone thinking about a future in the field of contemporary music.

WHEN:

Saturday, September 11th, 10:00AM.

WHERE:

Musicians Institute, 1655 N. McCadden Place, Hollywood, CA 90028. MI is located one block east of Highland, just south of Hollywood Blvd.

HOW:

Make your reservations by calling 1-800-255-7529. Space is extremely limited! We will close our reservations list when we reach full capacity. Don't miss your chance to attend - Call today!

SCHEDULE

10:00AM - 10:45AM

Enjoy a brief set by a MI band during the continental breakfast. Then, get an overview of Musicians Institute before the hands-on sessions.

10:45AM - 12:00PM

Take a mini-lesson from MI's outstanding instructors followed by a guided tour of MI's world-class facilities!

12:00PM - End

Get your questions answered by Admissions, Financial Aid, Program Department Heads, Artist & Career Services, and Student Affairs. There will also be giveaways and a tuition discount raffle.

GET YOUR HANDS ON THE MI EXPERIENCE!

MI's Open House Experience! is unlike any open house you may have attended before. MI is known around the world for hands-on education, and this is your opportunity to sample the MI student experience while you find out about career opportunities in music.

Musicians Institute offers programs for guitarists, bassists, drummers, singers, keyboard players, recording engineers, recording artist/producers, guitar builders, music business professionals, and filmmakers. MI students learn from experienced pros in one of the world's finest performance and recording facilities, located in the heart of the music industry. Find out for yourself why thousands of musicians from all over the world have made MI the launching pad for their careers, the place where they stopped dreaming and got serious.

- Experience a hands-on demonstration of the program of your choice
- Tour MI's world-class facilities
- Ask questions about music, technique, technology, careers and MI
- Meet and mingle with teachers, students and staff
- Learn about financial aid and scholarship opportunities

Note: Participation is optional. Amount of individual participation will vary according to the number of attendees in each session.

READY? GET SET... HERE'S WHAT YOU'LL DO!

Keyboard

Take a lesson in chord voicings and keyboard styles followed by an overview of Logic Audio and its incredible library of virtual instruments.

Bass

Take part in an interactive bass technique and music lesson taught by staff bass instructors using examples from actual bass curriculum.

Guitar

Experience a hands-on technique class under the direction of a staff guitar instructor.

Drums

Learn how to develop your groove and sound while playing with a band and get personal drumming tips from MI's renowned Drum Program staff.

Vocals

Join us for an overview of MI's Vocal Program and see how instructors analyze performances by student vocalists.

Audio Engineering

Experience a tour of the recording facilities and take lessons in Pro Tools, Live Sound, Mixing Sound for Film/TV, and Mixing on a professional SSL studio console.

Independent Artist

Take a class on digital recording and learn what it takes to be an independent artist/producer.

Music Business

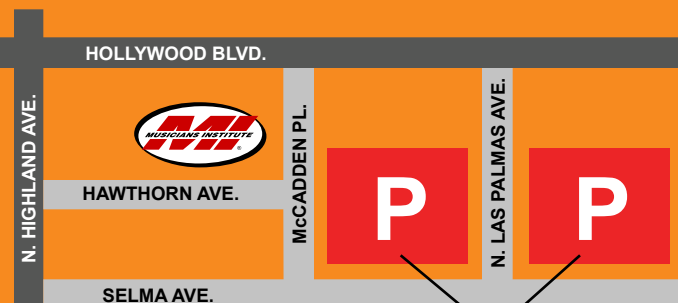

Take a sample class with a music business instructor and learn how a practical business education and Music Business internship can help jumpstart your industry career.

Guitar Craft

Learn the steps in the instrument-making process and take a close-up look at a guitar designed and built by a student in the Guitar Craft program.

Film

Learn the basics of cinematography and how to create post-production visual effects.
