WHERE IT ALL BEGINS
Musicians Institute is dedicated to inspiring artistic and academic excellence while preparing students for careers in the music and entertainment industry. Our cutting-edge educational offerings provide the information, skills and expertise necessary for musicians and creative professionals to achieve their goals. We strive to develop a diverse array of talented individuals who can enrich the global community with their artistic contributions.

DIVERSITY STATEMENT
Musicians Institute is committed to fostering an inclusive and diverse environment for the community it serves. Members of the MI community include students, faculty, administration, families, and visiting artists. As an institution that is dedicated to preparing students for careers in the diversified music and entertainment industry, MI strives to cultivate talented individuals from across all backgrounds with conscious efforts to enrich the global public.
MUSICIANS INSTITUTE PROVIDES HANDS-ON MUSIC EDUCATION.

MI is regarded as one of the world’s top colleges for students seeking a career in the music industry. MI offers a variety of degrees, including Master of Music, Bachelor of Music, Associate of Arts and Associate of Science, as well as Certificates and alternative programs. The school is focused on building creative skills and providing all the tools students need to develop careers as musicians, artists, and music industry professionals.

New Technology

MI offers a digital-based BYOD (Bring Your Own Device) curriculum, providing a comprehensive music education with exclusive downloadable eBooks available on any mobile platform.

Professional

Instructors are working professionals, touring & recording with top artists, who bring their experiences back to the classroom.

24-7 Access

Private practice labs, rehearsal rooms & project recording studios are available for all your needs.

Hollywood Campus

MI’s state-of-the-art campus in the heart of the entertainment industry has a Concert Hall, computer labs, classrooms with full backline & a fully-equipped Music Library.

Personalized

Small class sizes, private lessons & Open Counseling sessions mean you get personalized attention & guidance from a variety of instructors.

All Music

600+ courses are offered every academic Quarter, covering a wide variety of core & elective subjects in music & the entertainment industry.

MI FEATURES A COMPLETELY IMMERSIVE LEARNING EXPERIENCE.

THE BASS PROGRAM PROVIDES STUDENTS WITH COMPREHENSIVE INSTRUCTION ON THE INSTRUMENT.

- All aspects of theory and musicianship for the electric and upright bass
- Playing techniques for finger and slap styles
- Exposure to various grooves like rock, funk, shuffles, swing, odd-meter, Brazilian, Afro-Cuban, country, and jam-band
- Fretboard basics covering triads, chords, scales, harmonies and arpeggios
- Includes music theory, ear training, music history, and understanding of different styles
- Reading fundamentals for the bass clef, with rhythmic subdivisions, pitch identification, and string positions
- Performance classes to fine-tune listening skills and stage presence
- Experience with chart reading and band interaction
- A choice of elective classes for topics like upright acoustic bass as well as genres like metal, R&B and jazz.

FEATURED FACULTY

ALEXIS SKLJAREVSKI  
(Crosby, Stills & Nash)

MICHAEL MENNELL  
(Taylor Hicks / Jimmy Buffett)

DAVE KEIF  
(Mark Lindsay, Rita Coolidge, Etta James)
THE DRUM PROGRAM PROVIDES STUDENTS WITH A CONTEMPORARY EDUCATIONAL SYSTEM.

- Fundamental reading skills for drum set, from basic rhythmic figures to full charts
- Performance classes with guitar and bass accompaniment
- Coordination drills to improve time, feel, independence and sound
- Studio recording experience
- Digital drumming technology with MIDI sequencing, recording software, loops and samples
- Includes music theory, ear training, music history, and understanding of different styles
- In-depth reading studies focused on time signatures, subdivisions and rhythm interpretation
- An emphasis on developing dynamic stick control
- Focus on rock, jazz, Afro-cuban, Brazilian, funk, country, and odd-meter grooves
- Choice of electives including double bass drum, advanced rudiments, New Orleans rhythms, bebop and more

FEATURED FACULTY

GORDEN CAMPBELL
(Mary J. Blige, Earth, Wind & Fire, George Duke, Jessica Simpson)

JEFF BOWDERS
(Paul Gilbert, George Lynch)

GIANLUCA PALMIERI
(Stu Hamm, Jennifer Batten, Kamasi Washington)
THE KEYBOARD TECHNOLOGY PROGRAM OFFERS INTENSIVE TRAINING IN KEYBOARD TECHNIQUE, THEORY AND MUSICIANSHIP.

Choose one of the following specialties:

PERFORMANCE TRACK:
• A heavier emphasis on live performance skills, as well as basic training in using Reason software.

PRODUCER TRACK:
• A heavier emphasis in studio-based recording and production skills, including the use of Logic and Pro Tools software; as well as core courses in Digital Music and Synthesis & Sampling.

• A thorough study of traditional keyboard facility including chords, scales, arpeggios, and intervals
• Emphasis on learning notation such as clefs, ledger lines, and song forms
• The details of analog and digital synthesizer programming
• State-of-the-art tools such as virtual instrument software, MIDI components and DJ applications
• Keyboard-based approaches to composing, arranging, recording and producing
• Includes music theory, ear training, music history, and understanding of different styles
• Performance classes concentrating on syncopation, playing with a drummer, and swing vs. straight feels
• Voice leading, chord construction and symbol recognition
• Elective classes for video scoring, music directing, electronic music and more

FEATURED FACULTY

JOHN MATTHEW ROSENBERG
(Cab, Calloway, Carlos Santana, Jerry Garcia, Bonnie Raitt)

KAREN HAMMACK
(Melissa Manchester, Niki Haris, Perla Batalla)

ALBERTO SALAS
(Grammy-winning producer, arranger, keyboardist, percussionist)
THE GUITAR PROGRAM IS DESIGNED TO DEVELOP PROFESSIONAL LEVEL TECHNIQUE AND MUSICIANSHIP.

- Development of tone and dynamics
- Concentration on single-string solo abilities
- Fretboard organization of minor and major pentatonic scale patterns
- In-depth examination of chord progressions and harmonies
- Exploration of blues tonality and structure
- Includes music theory, ear training, music history, and understanding of different styles
- Performance courses emphasize chart reading, stage presence, and gear set-up
- Reading fundamentals for rhythmic figures, chord symbols, key signatures, and note positions
- Grooves such as rock, swing, shuffle, ballads, funk, jam-band, and country
- Electives in guitar maintenance and repair, classical music, slide guitar, electronic effects, and more

FEATURED FACULTY

SCOTT HENDERSON
(Tribal Tech, Joe Zawinul, Chick Corea)

DEAN BROWN
(Billy Cobham, Brecker Brothers, Marcus Miller)

- For vocalists, instrumentalists, rappers, electronic artists, DJs and producers
- Certificate in songwriting does not include the production portion

BACHELOR OF MUSIC IN SONGWRITING AND PRODUCTION:
180 quarters • 12 credits*
- For vocalists, instrumentalists, rappers, electronic artists, DJs and producers

FEATURED FACULTY

LAUREN PARDINI
(Marvel Comic, Grey’s Anatomy, A$ap Ferg)

SUZAN KOÇ
(Kelly Clarkson, Pink, Brandy)

IAN ROBBINS
(This is Us, America’s Got Talent, Barry Manilow, Bonnie Raitt)
THE AUDIO ENGINEERING PROGRAM PROVIDES STUDENTS WITH PRACTICAL TRAINING ON STATE-OF-THE-ART RECORDING EQUIPMENT.

Mi prepares students to be part of the creative team in the recording studio. Training is provided in:

- Practical concepts of audio engineering and acoustic science
- Every aspect of the recording and mixing process
- The use of industry-standard recording equipment
- Modern and classic tools, such as the recording console, digital audio workstation software (DAW), outboard equipment, plug-ins, and more
- Topics include studio design, video game audio, sound-for-picture, and studio etiquette

Students can choose from the following Audio Engineering options:

**CERTIFICATE IN AUDIO ENGINEERING:**
2 quarters • 30 credits*
4 quarters • 30 credits (Part-time)

- Professional audio production training, including certification on industry-standard audio platforms such as Avid Pro Tools® & Apple Logic®

**ASSOCIATE OF SCIENCE IN LIVE MUSIC EVENT PRODUCTION:**
6 quarters • 90 credits*
12 quarters • 90 credits (Part-time)

- Live Music Event Production offers an immersive learning experience in professional live stage musical performance and live event productions with studies in sound reinforcement engineering, stage work, lighting, rigging, live broadcast, and staging.

**ASSOCIATE OF SCIENCE IN STUDIO RECORDING:**
6 quarters • 90 credits*
12 quarters • 90 credits (Part-time)

- Studio Recording offers a deep dive into the components, techniques, and roles involved in professional audio recording and production. With a focus on music, students learn to use industry-relevant recording equipment in multiple studio and production spaces and scenarios to track, edit, mix, master and produce.

**FEATURED FACULTY**

FRANCIS BUCKLEY
GRAMMY Award Winner (Quincy Jones, Alanis Morissette, Black Flag)

BARRY RUDOLPH
(Rod Stewart, Lynyrd Skynyrd, Mick Jagger, Waylon Jennings)

MARC CROSS
(Cars, ER, Meet the Parents)

DAVID ISSAC
GRAMMY Award Winner (Michael Jackson, Eric Clapton, Madonna, Prince)

*at an optimal course load of 15 units/quarter

Mi is a Digidesign® Certified Training Location, preparing students for Pro Tools Operator CertificationSM, and an authorized Apple® Training Center for Logic Audio® software.
THE DJ PERFORMANCE & PRODUCTION PROGRAM CAN TAKE YOUR SKILLS TO THE NEXT LEVEL.

The DJ Performance and Production program provides in-depth knowledge and training for aspiring DJs, producers, beat-makers, remix artists & electronic musicians.

The Artist and Career Services Center (ACS) helps students maximize the benefits of their educational and social experience at Musicians Institute, while providing the professional development strategies needed to pursue careers in the music and entertainment industry. By creating a supportive environment to facilitate the goals of each student, the ASC is dedicated to ensuring the best opportunities for success in the real world upon graduation and beyond.

Through one-on-one appointments, group workshops, tutoring sessions and a variety of additional resources, ASC counselors can provide assistance to current students and alumni in the following areas:

- Student Affairs
- Artist and Career Services
- Alumni Engagement
- Internship Placement
- Housing (MI Residence Halls)
- International Student Advising
- Tutoring
- Wellness
MI’s helpful admissions team would be happy to answer any questions that you may have regarding the application acceptance process.

Admissions Advisors consult and support prospective students from the day that they first contact MI, to their arrival on campus and throughout the registration process.

Each student is assigned a personal Advisor who provides information and practical advice on everything from suitable programs to admission requirements, auditions, housing and other aspects of MI life.
